## Server Side Web Development Assessment 1

Github: <https://github.com/vegetka/SSWD-A1>

Live version: <http://sswda1.tk>

or: <https://teamlinder.000webhostapp.com/sswda1/index.php>

Local: <localhost/sswda1/php/app.php>

or: (redirect) <localhost/sswda1/index.php>

There are two databases in sql folder:

1. sswda1.sql - creates new database, adds 'towns' table
2. towns.sql - adds 'towns' table to existing database (for servers with restrictions)
